

# VISUAL ARTS MINOR

Kathryn Shields, Co-Chair, Associate Professor  
Mark Dixon, Co-Chair, Associate Professor

The visual arts minor allows students from any major to pursue a focused exploration of ceramics, design, drawing, painting, photography, printmaking, sculpture or art history.

The visual art minor in a studio area is not available to students obtaining an A.B. degree in art. The visual arts minor is available to students obtaining a B.F.A. degree provided that the medium chosen for the minor is different from the student's studio focus area for the degree. Students obtaining an A.B. or B.F.A. degree in art may minor in art history.

## Minor Requirements

Each of the eight tracks in the visual arts minor requires a minimum of 16 credit hours (four courses).
