

INTERNATIONAL STUDENT SERVICES

Services are available to international students through the international student advisor, who advises them on institutional rules, government regulations, academic resources and extracurricular opportunities offered by both the College and the larger Greensboro community. Prior to the general orientation program, international students participate in an orientation program specifically tailored to their needs. Students spend two days familiarizing themselves with the school and other international students, have conversations about cultural adjustment, and spend time bonding as a group.

The international student advisor is available throughout the academic year to help students with any issues they may encounter, both academic and personal. The advisor also works with other staff, faculty and students to create a welcoming environment for international students through formal and informal activities. There is also an international student organization that promotes the understanding of international cultures at Guilford.
