

# EARLY ACTION PLAN

---

To allow prospective Guilford students who clearly are interested in the College but have not yet determined that it is their first choice, Guilford offers an Early Action Plan. To apply to Guilford under the Early Action Plan, students should take the SAT I or ACT examination no later than December of their senior year in high school and submit their applications, with all supporting materials, by Dec. 15 of that year.

Students choosing the Early Action Plan may apply to other colleges and are under no obligation, if accepted, to notify Guilford of their college choice until May 1.
